DAILY GRAVE DIGGING CHORE OF COTTAGERS

Summer cottagers and campers on Lake Ontario from Sandy Creek toodus Bay are engaged in digging graves for bushels of fish whose bodies are floating to land in huge quantities.

Every year this fatal epidemic among the landlocked herring or alewife gives those who would spend the warm season in comfort at the lake a considerable chore. There has been no explanation for this wholesale death among the fish, which this summer seems to be more prevalent than usual.

VETERANS

Bring your Bonds to us for Safe-keeping

ALBANY COUNTY VETERANS have taken a sensible attitude toward their bonus. It is an 'extra dividend'—and they know it. It is an nest-egg, hold on to it. If necessary, stretch as far as possible by wise spending. There can be no 'blowing-in'—the cost was too great to squander what remains of their service in the World War.

Our Bonus Booth has been a big help to thousands of veterans in the filing of applications. But now, it can render greater service

—the Safe-keeping of your Bonds until your need them.

No charge. No obligation. No red tape—you may bring your bonds to our booth and receive a receipt for them. We will keep them safely and guard them against loss, theft, and fire.

As the Official American Legion Bank we are proud to be behind the 'boys' who have given this country the greatest exhibition of 'level-headed' thrift it has seen in years.
